PRESS RELEASE No. 09/23

The BSU's annual report for 2022 was published today. It provides an overview of the work of the bureau in the past year. The report comprises six parts:

- Introduction to the tasks of the BSU
- Presentation of selected ongoing investigations
- Administration and IT
- Public relations
- International work of the BSU
- Detailed statistics

One focus is the presentation of five selected accidents that have been transferred to a main investigation, each of which is still ongoing. The accidents and their consequences are presented here without prejudging results of the investigation. The statistical part is the second focus of this annual report. By means of detailed overviews and graphs, the accident and its causes are examined and explained.

You can view and download the annual report on the Internet at
